

Getting Started With TEZSPIRE

We're with you Together along the way

Follow our easy-to-use checklist to help simplify and streamline your TEZSPIRE experience.

Let's do this Together.

Visit TEZSPIRETogether.com to get started.

Or call **1-888-TZSPIRE (1-888-897-7473)**
to speak with a live Support Specialist.

Approved Use

- TEZSPIRE is a prescription medicine used with other asthma medicines for the maintenance treatment of severe asthma in people 12 years of age and older whose asthma is not controlled with their current asthma medicine.
- TEZSPIRE helps prevent severe asthma attacks (exacerbations) and can improve your breathing.
- TEZSPIRE is not used to treat sudden breathing problems. Tell your healthcare provider if your asthma does not get better or if it gets worse after you start treatment with TEZSPIRE.
- It is not known if TEZSPIRE is safe and effective in children under 12 years of age.

IMPORTANT SAFETY INFORMATION

Do not use TEZSPIRE if you are allergic to tezepelumab-ekko or any of its ingredients.

Do not use to treat sudden breathing problems.

Please see additional Important Safety Information on the back cover.

After you've been prescribed TEZSPIRE

Take the next steps with TEZSPIRE Together

▶ 1 Learning Together

- Learn more about TEZSPIRE Together program benefits and sign up for patient support services at [TEZSPIRETogether.com](https://www.TEZSPIRETogether.com)
- Contact a Nurse Educator* at **1-888-TZSPIRE (1-888-897-7473)** for answers to questions about TEZSPIRE

*Nurse Educators are nurses by training, but they are not part of your treatment team or an extension of your doctor's office. Nurse Educators do not inject patients with TEZSPIRE. You will be referred to your doctor's office for clinical advice.

▶ 2 Starting Together

Understand important details about your prescription

- HCP-administered Pre-filled Syringe**
 - Your prescription will be administered in-office by a healthcare provider (HCP)
 - If your HCP office works with a Specialty Pharmacy to receive your medication, be ready for a possible call from your Specialty Pharmacy to collect your information and coordinate shipment
- Self-administered Pre-filled Pen**
 - Your prescription will be filled by a Specialty Pharmacy and delivered directly to your home
 - **Expect to receive a phone call from your Specialty Pharmacy every month to confirm your information and coordinate shipment. Because TEZSPIRE requires refrigeration, you must be present at the time of delivery**

Save your Specialty Pharmacy's phone number, so you don't miss their call. **You will not receive your TEZSPIRE shipment until you speak with your Specialty Pharmacy each month.**

My Specialty Pharmacy _____ Phone # _____

▶ 3 Moving Forward Together

- If you have commercial insurance, see if you're eligible for the **TEZSPIRE Together Co-pay Program**[†] to help reduce your out-of-pocket costs for medication and in-office administration (pre-filled syringe only)

Co-pay Debit Card # _____

- Sign up for the **Symptom Tracker** to track your symptoms over time
- If you receive the pre-filled pen for self-administration, find injection support resources at [TEZSPIRETogether.com/resources](https://www.TEZSPIRETogether.com/resources)
- Plan for your next doctor visit by making a list of additional questions and prepare to share your Symptom Tracker report with your doctor
- Share your TEZSPIRE story with others at [TEZSPIRE.com/share-your-story](https://www.TEZSPIRE.com/share-your-story)

[†]Eligibility criteria and program maximums apply. Visit www.TEZSPIRETogether.com or call 1-888-TZSPIRE for full Terms and Conditions.

IMPORTANT SAFETY INFORMATION

Do not use TEZSPIRE if you are allergic to tezepelumab-ekko or any of its ingredients.

Do not use to treat sudden breathing problems.

Please see additional Important Safety Information on the back cover.

Helpful resources, Together in one place

When you register on the Patient Portal, track your TEZSPIRE enrollment progress, prescription status, and access helpful resources, all in one place.

TEZSPIRE Together Co-pay Program*

Eligible patients with commercial insurance may pay as little as \$0 per dose and receive up to \$100 per month off in-office administration costs (pre-filled syringe only). If you are eligible, you can enroll in the co-pay program directly through the Patient Portal, or when you visit [TEZSPIRETogether.com/s/copayenroll](https://www.TEZSPIRETogether.com/s/copayenroll)

Nurse Educator Support†

Connect with our live Nurse Educators to get answers to your questions about TEZSPIRE. You can talk with a Nurse Educator at **1-888-TZSPIRE (1-888-897-7473)** 8 AM – 8 PM ET, Monday – Friday.

Symptom Tracker

Keep track of your symptoms through daily text-based questions. You can access your monthly Symptom Tracker reports through the Patient Portal and download or print them to share with your doctor.

Patient Assistance Program‡

If you need additional financial assistance, learn about our program for patients that are uninsured, on Medicare Part B without supplemental insurance, or on Medicare Advantage with an affordability gap.‡ If you meet program criteria, you may receive TEZSPIRE for free.

*Eligibility criteria and program maximum apply. Visit www.TEZSPIRETogether.com or call 1-888-TZSPIRE for full Terms and Conditions.

†Nurse Educators are nurses by training, but they are not part of your treatment team or an extension of your doctor's office. Nurse Educators do not inject patients with TEZSPIRE. You will be referred to your doctor's office for clinical advice.

‡Medicare Advantage: Affordability gaps will be assessed for patients with an out-of-pocket cost greater than \$100.

IMPORTANT SAFETY INFORMATION

TEZSPIRE may cause serious side effects, including:

- **allergic (hypersensitivity) reactions, including anaphylaxis.** Serious allergic reactions can happen after your TEZSPIRE injection. Allergic reactions can sometimes happen hours or days after you get a dose of TEZSPIRE. Call your healthcare provider or get emergency help right away if you get any of the following symptoms of an allergic reaction:
 - o rash
 - o breathing problems
 - o hives
 - o red, itchy, swollen, or inflamed eyes
 - o swelling of your face, mouth, and tongue
 - o fainting, dizziness, feeling lightheaded problems.

Please see additional Important Safety Information on the back cover.

IMPORTANT SAFETY INFORMATION

Do not use TEZSPIRE if you are allergic to tezepelumab-ekko or any of its ingredients.

Do not use to treat sudden breathing problems.

TEZSPIRE may cause serious side effects, including:

- **allergic (hypersensitivity) reactions, including anaphylaxis.** Serious allergic reactions can happen after your TEZSPIRE injection. Allergic reactions can sometimes happen hours or days after you get a dose of TEZSPIRE. Call your healthcare provider or get emergency help right away if you get any of the following symptoms of an allergic reaction:
 - rash
 - breathing problems
 - hives
 - red, itchy, swollen, or inflamed eyes
 - swelling of your face, mouth, and tongue
 - fainting, dizziness, feeling lightheaded

Before using TEZSPIRE, tell your healthcare provider about all of your medical conditions, including if you:

- have ever had a severe allergic reaction.
- have a parasitic (helminth) infection.
- have recently received or are scheduled to receive any vaccinations. You should not receive a “live vaccine” if you are treated with TEZSPIRE.
- are pregnant or plan to become pregnant.
- are breastfeeding or plan to breastfeed. It is not known if TEZSPIRE passes into your breast milk. Talk to your healthcare provider about the best way to feed your baby if you use TEZSPIRE.
- are taking prescription and over-the-counter medicines, vitamins, or herbal supplements.

Do not change or stop taking your other asthma medicines unless instructed to do so by your healthcare provider.

The most common side effects of TEZSPIRE include: Sore throat, joint and back pain. These are not all the possible side effects.
