

EDUCATIONAL RESOURCES FOR PATIENTS

NEW MEDIA: The **COPD Medical Minute** series answers commonly asked questions in an easy-to-understand way. Once you have the basics covered, take a listen to the **COPD Podcast** and learn more about COPD from both health care professionals and people living with this condition. <https://copdf.co/podcast-events>

COPD360social
IT'S OUR COMMUNITY ONLINE

OUR COMMUNITY: COPD360social is a free online community for people with COPD, their caregivers, and their family members. Join more than 53,000 voices and chat with experts, ask questions, and learn from others on the COPD journey. <https://copdf.co/360social>

GUIDES FOR BETTER LIVING: Our comprehensive booklets are designed to help you understand COPD so that you can breathe better every day. Each of the nine **Guides** focuses on one aspect of life with COPD, and many have interactive portions for patients, caregivers, and health care professionals to discuss together. <https://copdf.co/downloads>

EDUCATIONAL RESOURCES FOR HEALTH CARE PROFESSIONALS

101 LIBRARY: These presentations have been designed from the ground up to give busy clinicians the tools they need to provide optimal COPD care. Each can also be used as a reference guide to learn more about aspects of COPD or as a pre-built presentation to help your colleagues understand the condition. <https://copdf.co/101-Library>

PRAXIS: Our initiative to **P**revent and **R**educe COPD **A**dmission through **eX**pertise and **I**nnovation **S**haring aims to reduce the heavy burden of COPD exacerbations through better understanding, treatment, and prevention. The **Nexus** blog provides best-practice updates, and the biweekly **Buzz** newsletter always keeps you up-to-date! <https://copdf.co/praxis>

POCKET CONSULTANT GUIDE: This indispensable reference is now available as an **app** for Android and iOS! Keep treatment recommendations, demonstration videos, and assessment tools at your fingertips, and use the Patient View to engage in shared decision-making with your patients. <https://copdf.co/pcg-download>
